RECALLING the Agreement Establishing the ASEAN-Australia-New Zealand Free Trade Area (hereinafter referred to as the "Agreement"), signed at Cha-am, Petchaburi, Thailand on 27 February 2009;

SEEKING to facilitate trade by incorporating the consolidated Product Specific Rules using the most recent version of the Harmonized Commodity Description and Coding System established by the *International Convention on the Harmonized Description and Coding System* signed at Brussels on 14 June 1983, as amended (hereinafter referred to as the "HS Code");

RECOGNISING the importance of a timely updating of the Product Specific Rules and the Schedules of Tariff Commitments to take account of periodic amendments of the HS Code;

RECOGNISING also the need to update the Operational Certification Procedures for the Rules of Origin of the Agreement to make it more trade facilitative, including but not limited to the removal of the requirement to reflect the FOB value in the Certificate of Origin in cases where the regional value content criteria is not used;

DESIRING to ensure the implementation of the Rules of Origin in an effective and trade facilitating manner;

NOTING that Article 6 (Amendments) of Chapter 18 (Final Provisions) of the Agreement provides for amendments thereto to be agreed in writing by the Parties;

HAVE AGREED AS FOLLOWS:

**Article 1
Amendments to Chapter 2
(Trade in Goods)**

1. Chapter 2 (Trade in Goods) of the Agreement shall be amended by inserting a new Article 13 (Transposition of Schedules of Tariff Commitments) as follows:

**“Article 13
Transposition of Schedules of Tariff
Commitments**

1. Each Party shall ensure that the transposition of its schedule of tariff commitments, undertaken in order to implement Annex 1 (Schedules of Tariff Commitments) in the nomenclature of the revised HS Code following periodic amendments to the HS Code, is carried out without impairing existing tariff concessions.

2. The transposition of the schedules of tariff commitments shall be carried out in accordance with the methodologies and procedures adopted by the Committee on Trade in Goods. The procedures should, at the minimum, provide for:

- (a) the timely circulation by a Party of a draft schedule of tariff commitments in the nomenclature of the revised HS Code accompanied by a two-way transposition setting out at national tariff line level:

- (i) a concordance between the draft schedule of tariff commitments in the nomenclature of the revised HS Code and the schedule of tariff commitments in the nomenclature of the then current HS Code; and
 - (ii) a concordance between the schedule of tariff commitments in the nomenclature of the then current HS Code and the draft schedule of tariff commitments in the nomenclature of the revised HS Code;
- (b) the provision of comments by other Parties on the draft schedules circulated in accordance with Subparagraph (a), and consultations between the Parties, as necessary, with a view to resolving any concerns raised;
 - (c) the schedules of tariff commitments in the nomenclature of the revised HS Code shall be made publicly available in a timely manner, following completion of the process in Subparagraphs (a) and (b); and
 - (d) for the purpose of Subparagraph (a), proposals for technical assistance shall receive positive consideration.”

2. The new Chapter 2 (Trade in Goods) is set out in Appendix 1 of this Protocol.

Article 2

Amendments to Chapter 3 (Rules of Origin)

1. Article 4 (Goods Not Wholly Produced or Obtained) of Chapter 3 (Rules of Origin) of the Agreement shall be

replaced by a new Article 4 providing for Annex 2 to contain a list of consolidated Product Specific Rules that includes goods which were previously not covered in Annex 2 but are treated as an originating good if:

- (a) the good has a regional value content of not less than 40 per cent of FOB calculated using the formulae as described in Article 5 (Calculation of Regional Value Content) of Chapter 3 (Rules of Origin), and the final process of production is performed within a Party; or
 - (b) all non-originating materials used in the production of the good have undergone a change in tariff classification at the four-digit level (i.e. a change in tariff heading) of the HS Code in a Party.
2. The new Article 4 referred to in paragraph 1 is set out below:

**“Article 4
Goods Not Wholly Produced or Obtained**

1. For the purposes of Article 2.1(b) (Originating Goods), a good shall qualify as an originating good of a Party if it satisfies all applicable requirements of the Product Specific Rules.
2. Where Annex 2 (Product Specific Rules) provides a choice of rule between a regional value content based rule of origin, a change in tariff classification based rule of origin, a specific process of production, or a combination of any of these, a Party shall permit the producer or exporter of the good to decide which rule to use in determining if the good is an originating good.”

3. Article 19 (Consultations, Review and Modification) of Chapter 3 (Rules of Origin) of the Agreement shall be replaced by a new Article 19 as set out below:

**“Article 19
Consultations, Review and Modification**

4. The FTA Joint Committee, upon recommendation of the Committee on Trade in Goods and the ROO Sub-Committee, shall adopt the transposition of Annex 2 (Product Specific Rules) that is in the nomenclature of the revised HS Code following periodic amendments to the HS Code. Such transposition shall be carried out without impairing the existing commitments and shall be completed in a timely manner. The Parties shall promptly publish the transposition of Annex 2 (Product Specific Rules) in the nomenclature of the revised HS Code.

5. This Chapter may be reviewed and modified in accordance with Article 6 (Amendments) of Chapter 18 (Final Provisions) as and when necessary, upon request of a Party, and subject to the agreement of the Parties, and may be open to such reviews and modifications as may be agreed upon by the FTA Joint Committee.”
4. The new Chapter 3 (Rules of Origin) is set out in Appendix 2 Section A of this Protocol.
